

# Campanula port. Royal®

Campanula portenschlagiana is one of the main products at Butterfly Garden marketed under the name 'Royal'.

Campanula port. 'Royal' is a result of a continuously development and improvement of our exsiting varieties.

The Campanula port. 'Royal' is made in the colour blue and white.

The development and the refinement of the 'Royal' is done in our own Breeding Department.

To ensure healthy plants, the mother stock plants and cuttings for Campanula are now, as an ongoing basis, made in Denmark too.

The Campanula port. 'Royal' as a 6 cm is very popular and often sold with customized added value solutions.

Season from January - December

The Campanula port. 'Royal' is produced in the pot size; 6 cm, 10,5 cm and 17 cm.

With the MPS-GAP Certification Butterfly Garden meets the criteria for a safe, subtainable and traceable production of high quality requested by the European Retail Sales Organisation.

MPS-GAP certificate no. 800378

# Campanula port. Royal® XL

Campanula port. 'Royal' is a perennial plant and after the summer season the big pot sizes are very suitable for outdoor planting. Ready for flowering during next season.

Season from April - August

Butterfly Garden has also a tradition for producing Campanula in big pot sizes.

Continuously development of the Campanula port. 'Royal' has secured the very big and very dark flowers, which is suitable for the big pot sizes. They are produced either as hanging basket or for the terrace.

The Campanula port. 'Royal' is produced in the pot size; 17cm and 22 cm hanging baskets.

With the MPS-GAP Certification Butterfly Garden meets the criteria for a safe, sustainable and traceable production of high quality requested by the European Retail Sales Organisation.
